

Healthureum
Your Data. Your Doctor. Your Way.

Blockchain + Healthcare combined seamlessly

Healthureum is a new revelation in the crypto sphere that combines blockchain and healthcare to bring the best of both under one roof.

www.healthureum.io

Welcome to the next century of Healthcare on the blockchain.

A dynamic and multi-functional ecosystem of healthcare services based on **Ethereum blockchain**.

Healthureum's radical platform will integrate **blockchain and smart contract technology** into healthcare's critical services to create **Standardization, Scalability and Social responsibility**.

Operates using the **Healthureum Token (HHEM)** to gain access to a conglomerate of health related services.

Healthureum will transform *'How We Manage Our Healthcare.'*

Healthureum's radical platform will integrate ***blockchain and smart contract technology*** into healthcare's critical services to create:

- ▶ Standardization
- ▶ Scalability
- ▶ Social responsibility

Why Healthureum Come into Existence?

Healthcare today is riddled with disparities in:

- Cost
- Quality of care
- Adequate infrastructure
- Access to expertise
- Data mismanagement

“In 2015, over 112 million breaches occurred through IT hacks against healthcare records.”

Healthureum's Ecosystem

Our Mission

“Our goal is to bring a robustness, trust, and efficiency to future proof healthcare procedures.”

How it Works

Healthureum operates on the Ethereum blockchain using an ERC20 standard to deploy smart contracts for health-related services. All services procured in the Healthureum ecosystem shall accept only HHEM tokens as means of payment, and any rewards earned shall be compensated using HHEM tokens, for fast and secure transfers.

The Healthureum Ecosystem

Healthureum's innovative approach can bring widespread efficiency and transparency across 5 core fields of healthcare:

Data systemization

A framework for the secure exchange and sharing of medical data with permission layers, focusing on patient data integrity and interoperability.

Doctor consultation and referrals

Video consults, referrals and diagnostics verified and paid for using HHEM tokens.

Research programs

Contribute your data to research programs and get rewarded with HHEM tokens.

Healthureum
Your Data. Your Doctor. Your Way.

Medical Infrastructure

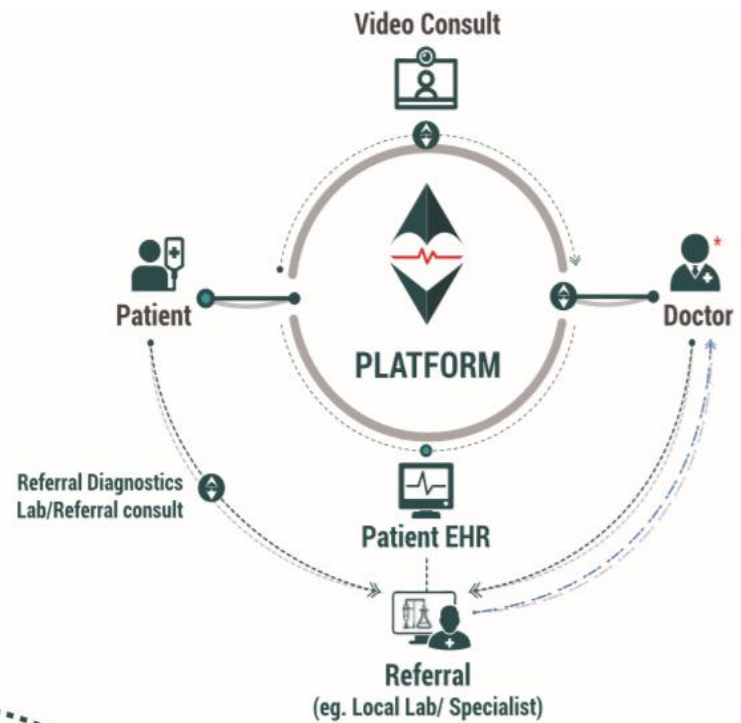

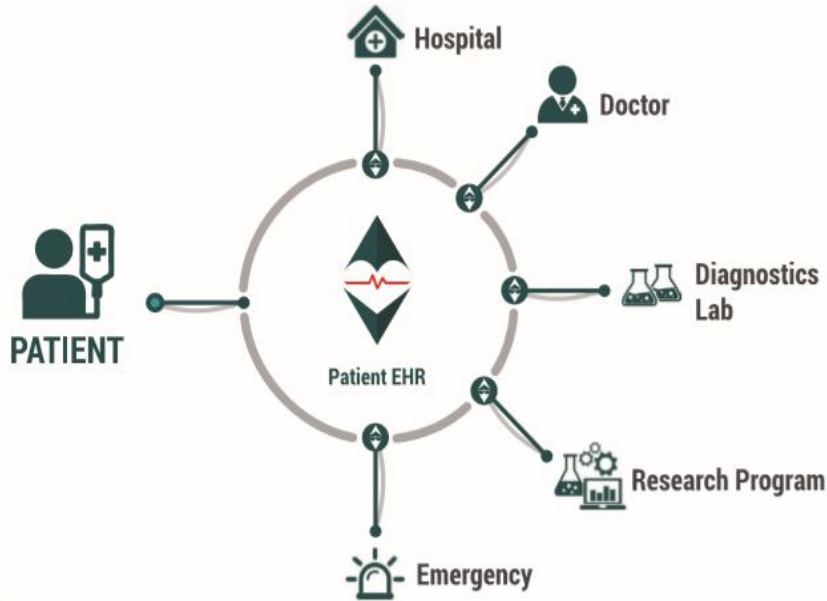

Blockchain based analysis of demand Vs. usage for future planning to ensure adequate access to world class infrastructure.

Philanthropic activities

Support and donate to projects of social cause with HHEM tokens which ensure traceability and ethical use of donations.

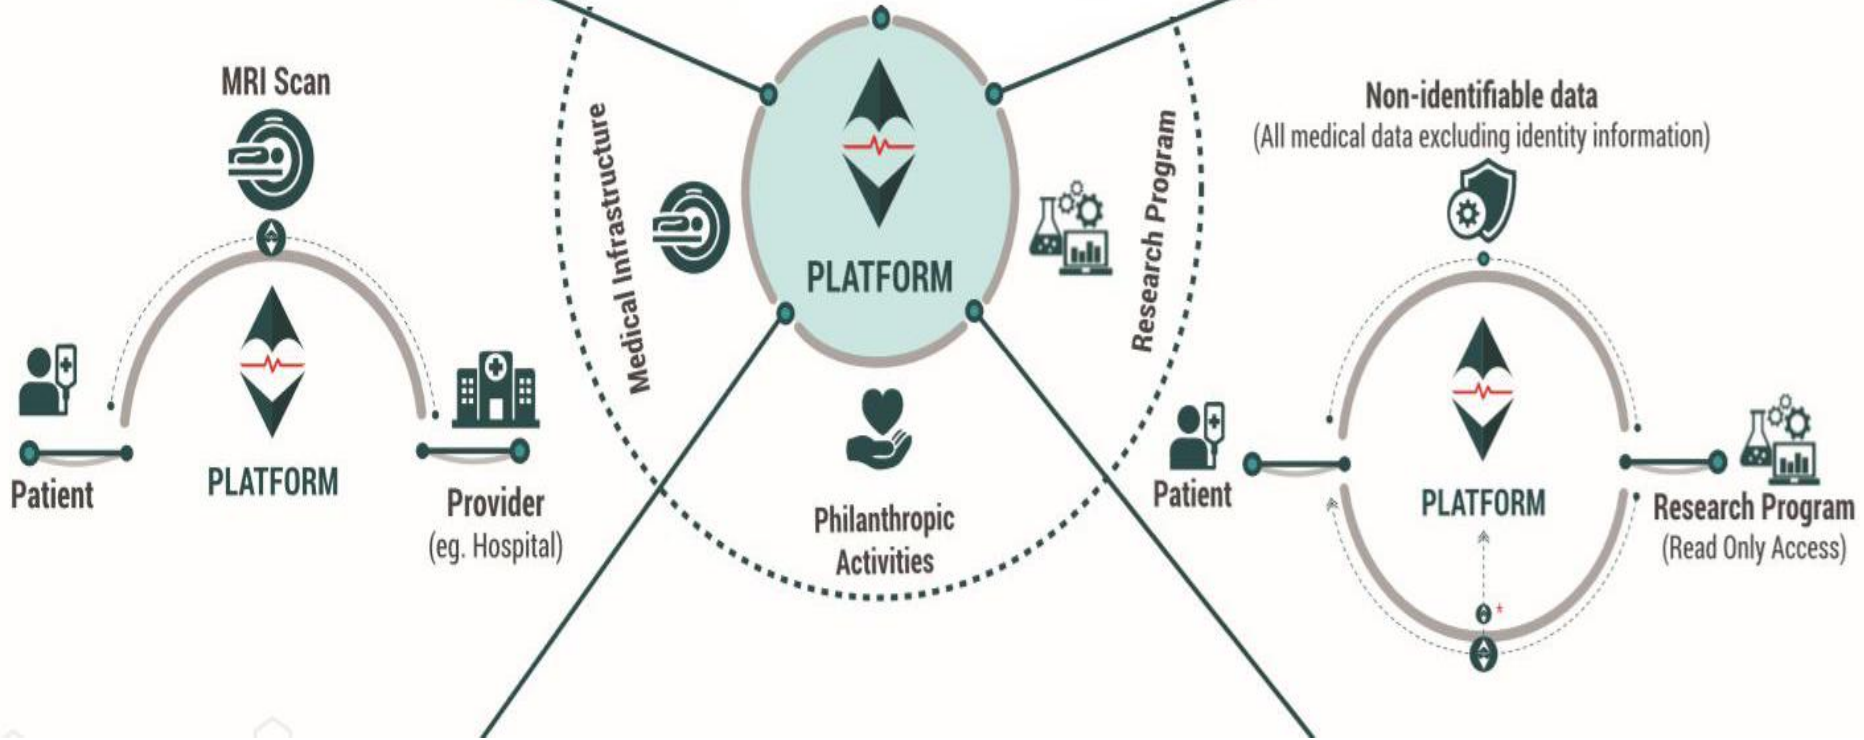

Data Systemization

Doctor Consult + Referrals

Data Systemization

Doctor Consult, Referral & Diagnostics

Programs**

What Healthureum Offers

Healthureum is a gateway to global standard healthcare services secured and operated on the blockchain. We will guarantee our users:

Radical. Required. Rewarding.

How Can You Participate

01

Sign Up on www.healthureum.io

Read our Participation Guide on your dashboard.

02

03

Purchase using BTC/ETH/ECH.

Make payment to the wallet address provided to complete transaction.

04

05

You will receive a purchase confirmation on your email.

Your HHEM tokens will be issued once the TGE has ended.

06

07

You can trade your tokens on an exchange or hold them for potential future growth.

Why Should You Participate

Healthureum will be a game changer in the future of healthcare. So, join us and participate.

- ◆ To be part of something HUGE which adds value to society.
- ◆ A first glance at healthcare's most revolutionary project.
- ◆ Global access to healthcare services and expertise.
- ◆ Transparent and efficient services and payments.
- ◆ Ability to capitalize on a projects potential from day one.
- ◆ Avail of Pre-sale Bonus!

Radical. Required. Rewarding.

TGE SALE

Begins: 26th February 2018

Ends: 01st April 2018

Token Price : 1HHEM = \$3.95

Bonus Tokens during TGE Sale
